Dear Soroptimist Bidwell Rancho,

Thank you for the \$1534.92 donation to CUSD Alternative Education Success Center. Your donation helped purchase supplies to paint the room, add more storage areas and containers for needed supplies for our students. The funds also helped with additional furniture and art supplies for our students.

The vision for our Alt Ed Success Center is to create another safe place on our campus for students. SIBR has helped us create and develop this vision into a reality. We are set to begin counseling groups for all of our students to address a wide spectrum of needs. We will open our doors after school for our food pantry. We will also offer a clothing closet for our students in need.

Thank you SIBR for empowering us to create services for our students that will build the foundation for their success now and in the future.

Sincerely,

Quinn Mendez
Alternative Education School Counselor
